Gozagore

A lesser known, yet the most original (and, let's be honest, the best) of the OBUH Records bands - Rongwrong with their out-of-print 1996's masterpiece works "The Story of Alfons Czahor", which managed to seamlessly combine droney ambient and musique concrete with the Orthodox Church vibe and field recordings 1920s Poland, swamps, sparse singing - it's a must, really. Beware of the last track - it is a bonus one and by NO means fits along the others.
